

Look after your 2.3 children

DCMR CHILDREN

**Two out of every
three bites happen
“in the backyard”.**

**Always supervise
children with dogs.**

Teach your child to interact appropriately with dogs and not to “play-fight” or play “tug-of-war” games with them. Dogs can get overexcited or frightened if there is a lot of noise. So put your dog out of the way when children are playing loud games and running around. Visit GoodDogSA.com to find out how you can become a responsible dog owner.

GOODDOG  **SA.com**

An initiative of the Dog and Cat Management Board and your local council.
