

# It's a dog eat dog world

DCMR\_SOCIAL

**Dog bites occur when dogs have not been taught how to act around dogs and people. Socialise your dog.**

Take your dog to puppy pre-school or dog obedience school. It is very important for dogs, in particular puppies, to be socialised with other dogs and people. Remember - if your dog is trained and issued with a training certificate, you will receive a rebate on your dog registration fee. Visit [GoodDogSA.com](http://GoodDogSA.com) to find out how you can become a responsible dog owner.
